

VIRTUAL TRAINING IS HERE

Instructional Methods

Meet synchronously with instructors and classmates. Access course content, instructional videos, job aids even after you've completed training to help perform your job.

Instructional and Support Staff

Instructional staff now provide their expertise by coming to the member, and the member no longer has to travel to a Training Center to receive training.

Technology

Access training content, classmates, and instructors without leaving home unit through digital learning and information sharing platforms.

9 Virtual Courses Available Now, 50 Virtual Courses Available October 2020
