## **Welcome to Training Center Petaluma!**

---

Training Center Petaluma's hopes this orientation package serves as a guide to help you get settled upon your arrival.

This document provides newly arriving personnel with the following:

- Introductions to members of the command staff
- Review of TCP's organizational structure
- A facilities map of the training center
- Descriptions of services found on base
- Lists of useful phone numbers and key resources

Our hope is that you are arriving here with much enthusiasm and confidence, and that you will be satisfied with your new community. The community at TCP offers a structured, yet supportive environment.

In addition to the communication from your sponsor and supervisor, we feel it is important to dedicate a day to introduce our priorities and available support resources soon after your arrival.

In order to improve this program, we welcome your feedback and ask that you include your comments on the survey provided during your orientation session.

## TRACEN Petaluma Basics

### The Enlisted Center of Excellence

---

**Guiding Principles:**

- Provide valid and reliable performance-based training
- Employ all resources efficiently and effectively
- Ensure facilities, operations, and maintenance are environmentally friendly
- Provide superior care and quality of life for the TCP community

**Workforce:**

TCP employs 325 active duty, 153 civilians (78 Government Servants, 75 Non-Appropriated Fund positions), and approx. 90 full-time contractors.

**History:**

“Two Rock Ranch” began its association with the military in 1942 as a west coast radio monitoring facility for the Army during WWII. Training has been a function of the base from its beginning when radio operator training was conducted for troops headed to the Pacific and a small corner of the base was transformed into a Vietnamese village to train troops headed for Vietnam. In 1971, the Coast Guard relieved the Army and took possession of the base.

**Schools:**

Comprised of 7 apprentice “A” Schools and 26 technical “C” Schools, TCP is also the home of the Chief’s Academy. One third of the Coast Guard’s enlisted ratings are trained here, these include:

- Electronics Technician (ET)
- Culinary Specialist (CS)
- Health Services Technician (HS)
- Information Systems Technician (IT)
- Operations Specialist (OS)
- Storekeeper (SK)
- Yeoman (YN)

**Students:**

TRACEN Petaluma graduates over 3,000 students every year from our resident “A” & “C” Schools, non-resident courses, and exportable training.

**Facilities:**

Training Center Petaluma is located on 830 acres with 118 buildings and 127 family homes. There is a town center that includes amenities like a gym, movie theater, coffee shop/internet cafe, library, chapel, exchange, clinic, child development center, police and fire departments, post office, barber/salon, and dry cleaner.

The training facilities offer over 250 thousand square feet of classrooms and state-of-the art labs for our students.

**Tenant Commands:**

- Chief Petty Officer Academy, MCPO James Malcolm, School Chief
- Electronic Systems Support Detachment (ESD), CWO Brian Robson
- Leadership Development Center Detachment, CWO David Thirion

## Command Philosophy

### Command Philosophy

Training Center Petaluma is the best place to live, work, and train because of the dedicated team of professional instructors, staff, services, and superb facilities that work in concert to support our Coast Guard family so that we can focus on creating a ready workforce. You are responsible for using the resources available to achieve work-life balance so that you can produce that workforce. You are in a unique position to directly impact the future of our service through your dedication, expertise, and the pride you demonstrate in your profession. My responsibility is to serve as the champion for the mission, vision, and strategic objectives we employ to produce leaders, technicians, and specialists who are ready to meet the Coast Guard's dynamic mission needs. Together, we are responsible for readying the Training Center to meet the demands of the future while producing a ready workforce today.

Honor, Respect, and Devotion to Duty serve as our Core Values in all that we do, at all times. We create an intentional environment onboard Training Center Petaluma, reinforcing our rules, regulations, and modeling the behaviors demanded of those serving in positions of leadership; we are all leaders, responsible for developing the type of leaders whom we'd be inspired to serve beside. We embody the meaning of our Core Values in all endeavors, big and small. Honor is more than being honest, respect is more than being kind, and devotion to duty should mean more than standing your assigned watch.

Training Center Petaluma is a very special place, steeped in history and regarded by the local community as Coast Guard Station Two Rock...be proud of that history as we look forward to ensuring our Training Center remains **READY** to produce the workforce of today and of the future, **RELEVANT** in our strategic objectives, and **RESPONSIVE** to our customer base, serving as expert mission enablers through the services we provide. To meet the challenges of today and tomorrow, it is important for us to operate in alignment with policy, be intentional in our outcomes, and remain innovative in our approach towards workforce development. Operating from these guiding principles, we will continue to ensure the workforce has access to the training, and develops the skills, to deliver total mission readiness today and well into the future.

**ALIGNED to policy:** Your expertise and thorough understanding of the policies, regulations, and laws that govern your behaviors and contributions to our Training Center are vital. Be that expert every day, set the trackline, provide course corrections when needed and appropriate, and keep us on course as a leader and as an expert mission enabler.

**INTENTIONAL in outcomes:** Know what problem you are trying to solve, or what opportunity you are trying to realize. Determine what success looks like: it's important to know when you have achieved it. Apply your energy smartly and with purpose.

**INNOVATIVE in approach:** Make innovation a habit. Leverage technology where and when appropriate. We must innovate. Innovation enables us to remain agile and responsive regardless the resource environment; giving our workforce the tools and skills needed to achieve mission success.

We have the unique and awesome responsibility of keeping Training Center Petaluma the best place to live, work, and train. Take pride in the role you play and enjoy this journey we are on together...I know I will!

Steven E. Ramassini
