Introduction

Each member of the organization shares the responsibility for ensuring that the workforce is fully capable to perform the jobs and tasks for each unique mission of the Coast Guard. Continuous improvement of job performance is accomplished through a balance of personal, professional, technical training, education, and workforce development essential to the accomplishment of all assigned missions.

Education Services Officers (ESOs) provide assistance in service members’ achievement in their training and educational goals. The ESO administers all qualification courses in the Learning Management System (LMS). The LMS allows the user to register, complete, and track electronic training.

Education Services Officer (ESO)

ESOs need a Question Mark Perception (QMP) account to administer qualification exams in the LMS.

7 The ESO will proctor the exam and will go over all instructions with the member prior to allowing them to click submit to begin the actual exam. The ESO will proctor the exam from a position that allows them to visibly see the member’s computer screen at all times.

8 Print Results.
Upon completion of the exam, an Assessment Feedback page will appear on your screen. This page will show a breakdown of how you did on the various sections of the test, as well as an Assessment Result score.
Click Print Feedback in the bottom right corner of the page. Keep this
page for your records.

Your official test score will appear in Direct Access within 48-72 hours.
