

POWER OF ATTORNEY WORKSHEET

INSTRUCTIONS: A power of attorney is a legal document that authorizes someone else to act in your name and as your agent. The actions of your agent using your power of attorney will be binding on you, so you should grant a power only to someone you trust and only to the extent that is absolutely necessary. If you have questions about the use or effect of a power of attorney, the legal assistance staff will be happy to assist you. Making a General Power of Attorney (GPOA) is an important action that has serious legal consequences. With a GPOA, your agent can (for example) rent or buy a house with your money, borrow money that you must repay, sell your car, sue someone for you, or remove all funds from your bank account. Your agent can legally bind you. While a GPOA can be very helpful, it can also be very dangerous. Advice regarding GPOA: Don't give away more power than necessary. If you need someone to perform only specific tasks for you, then you don't need a GPOA. Get a *Special* Power of Attorney - one that will authorize your agent to perform only those specific tasks. We can help you prepare one. Limit the duration of your Power of Attorney to no longer than 1 year or a shorter period. Don't set the expiration date longer than you will need your agent's services, and don't give the Power of Attorney before it will be needed. Make sure your agent is someone you can trust. If you lose trust in your agent, talk with a legal assistance attorney about *revoking* your Power of Attorney. (rev. 07/07)
